

# The Schools and Health Facility Fieldguide for Uthungulu Municipality (Empangeni Education District)

Version 5: August 2010

*The definitive guide to the location of schools and clinics*

- Shows schools and health facilities in relation to towns and settlements, roads, rivers, police stations, railways and nature reserves as well as local council and district municipality boundaries
- Available free online from **Schoolmaps.co.za** for printing, sharing and copying
- Every school, health facility and town has a grid reference to enable it to be easily located
- Extensively revised and updated: all school locations have been verified in collaboration with education district personnel
- Enhanced to show more towns, townships and settlements throughout the district. The roads data has also been greatly improved so that routes to schools and clinics are clearer and better defined
- New software has been used to create the maps, resulting in a better cartographic output with clearer labelling, symbology and layout
- Part of a larger fieldguide covering the whole province of KwaZulu-Natal. Visit **Schoolmaps.co.za** to see the latest maps and to display interactive information on schools and health facilities in the province
